

Book your table for the ^{modern} railways **Golden Spanners Awards 2011** **Friday 25th November**

The Golden Spanners Awards ceremony is a must-attend event for all those in the railway rolling stock field.

These awards for excellence in rolling stock maintenance, hosted by *Modern Railways* Industry & Technology Editor Roger Ford, will this year be allocated on the basis of progress shown in the Minutes Per Technical Incident (MTIN) and Delay Minutes Per Incident (DPI) statistics. These figures are keenly watched by rolling stock engineers, depot staff, manufacturers and leasing companies.

The ceremony will be hosted by the *Modern Railways*

Fourth Friday Club at a luncheon in London. The event presents an unmissable opportunity to network with others in the industry and catch up on the latest developments - as well as the chance to find out who is topping the reliability tables this year!

For sponsorship packages and table reservations, contact Chris Shilling on 01778 421550 or chris@shillingmedia.co.uk

The MC at the Golden Spanners event will be Roger Ford (right).
